

Count the park discoveries

New website activity | Suggested ages 3-5 | With a grown-up

Count each row. Write the number in its box, then colour the pictures.

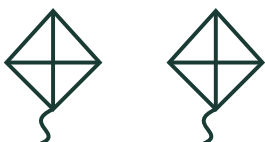

Flowers

Leaves

Kites

Pebbles

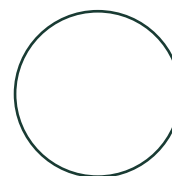

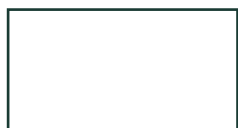

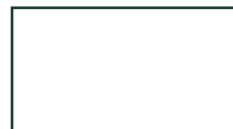

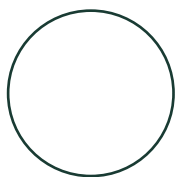

Draw four stepping stones here:

A picnic full of shapes

New website activity | Suggested ages 3-6 | With a grown-up

Colour circles yellow, triangles green, squares blue and rectangles red. Count the triangles.

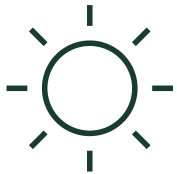

How many triangles? _____

Draw your favourite shape on the back.

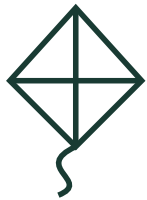

Listen for the first sound

New website activity | Suggested ages 4-6 | With a grown-up

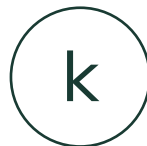

Ask a grown-up to say each word. Say its first sound and circle the matching letter.

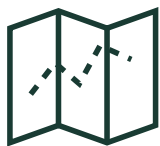

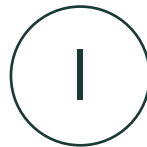

sun

kite

leaf

map

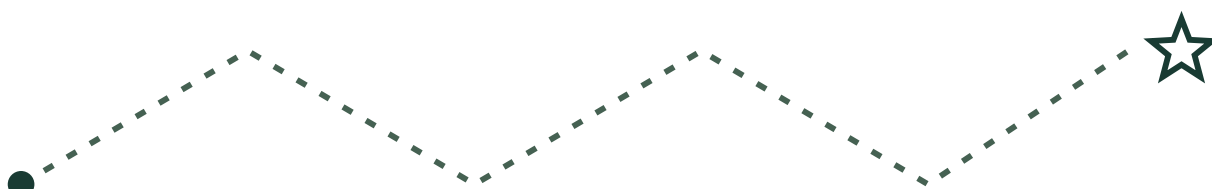

Say the sound. A grown-up can help you listen.

Follow the park paths

New website activity | Suggested ages 3-5 | With a grown-up

Start at each dot and follow the dotted path to its star. Take your time. Draw your own path at the bottom.

Now draw a path of your own.

More, fewer or the same?

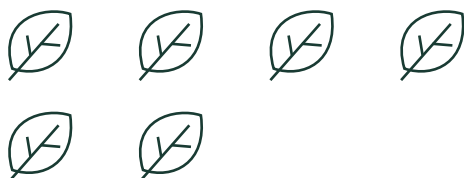

New website activity | Suggested ages 4-7 | With a grown-up

Circle the group with more pictures. If both groups have the same number, put a tick between them.

1.

2.

3.

4.

Challenge: write each pair of totals using <, > or =.

A little support goes a long way.

Choose one small task your child can enjoy. Read the instruction together, offer help where useful and stop while it still feels playful. Ages are suggestions, not a test.

Count the park discoveries

Flowers 3; leaves 5; kites 2; pebbles 6. The drawing challenge asks for four stepping stones.

A picnic full of shapes

There are two circles, two triangles, two squares and two rectangles. The triangle total is 2.

Listen for the first sound

sun: s; kite: k; leaf: l; map: m. Use the sounds in the words rather than the letter names.

Follow the park paths

There is no single correct drawing. Support a comfortable grip and steady movement; a child can first follow the path with a finger.

More, fewer or the same?

Row 1: right group (5). Row 2: left group (6). Row 3: the same (4 and 4). Row 4: right group (7).
Optional number sentences: $2 < 5$; $6 > 3$; $4 = 4$; $1 < 7$.

Printing and use

Print A4 at actual size or fit to page, depending on the printer margin. These new website sheets may be printed for home and classroom use. Please share the website link rather than selling or repackaging the files.

Created for lalite.org on 18 October 2026. All activity text and drawings in this pack are new. No text, pages, artwork or characters from the published books have been reused.
